

# CSA Membership

## What is a CSA?

Community Supported Agriculture is a system where members support a local farm.

By becoming a shareholder you will receive local, quality, fresh produce, with the additional benefit of seeing where and how your food is grown, and personally knowing your farmer.

## What food is available and for how long?

Our food share season consists of 25 weeks beginning the first week of May and ending the week of October 19th, or a 13 week Summer Share from June-August, with all food grown in season for the freshest possible produce. A variety of crops will be available at different times, with some weeks there may only be one or two crops available, depending on the time of year and success of the crops- some will naturally be more successful than others.

***Registration must be submitted by April 1st.***

All of our crops are sustainably and organically grown with NON-GMO Organic or heirloom seeds.

We do not use any herbicides or pesticides on our crops.

Our potential crops for this year are as follows:

Herbs:	Veggies:		Fruit:
Basil	Chard	Potatoes- variety	Apples
Cilantro	Cucumbers	Peppers- variety	Peaches
Dill	Green Beans	Radishes	Raspberries
Garlic	Kale	Squash- variety	Watermelon
Parsley	Lettuce-variety	Tomatoes- variety

**\*\*All subscription forms need to be submitted with payment- by email, mail, or in person.**

I understand that by participating in the Good Seed Garden CSA, I am supporting a local and sustainable food source. I am committing to the growing and distribution of the 2018 season of this CSA and will share in the risks and rewards of the season. I understand the variety of food available is dependent on growing conditions and environmental factors. Good Seed Garden CSA does not issue refunds, so if you cannot finish the season, for whatever reason, you are welcome to reassign your share to another household at your request.
